Additional Information

1. Individual Membership is granted to

- individuals who have a reputation of professional competence, who must be able to make a special contribution in the area of information processing and are expected to participate actively and effectively in the activities of the Association.
- legally recognized students of information technology-related subjects, currently studying at universities or other recognized educational establishments, with an interest in broadening their scope for learning, meeting experienced professionals and actively participating in the activities of the Association. Students should check whether their educational establishments are already Members under a "Company Membership" of GSE, as they may then benefit directly from this Membership and it is not necessary to join on an individual basis.

The granting of Individual Membership is upon decision of the Steering Committee and only granted in exceptional cases. The name and address of the GSE Individual Member will be used for mailing all correspondence and documentation from GUIDE SHARE EUROPE, including the invoice for the annual membership fee, unless another billing address is specified.

Individual Members have all Membership rights except the right to elect officers, to be elected, to vote on resolutions and to approve articles.
